September 2023 | Issue 2

Updates from PiPER

The Patient Engagement in Research (PER) Toolkit will be launched on **October 5th**.

If you are a patient at UHN and would like to be contacted about Research Activities and become a research partner with us visit [myUHN Patient Portal](#) to set up your account. For more information, please refer to the [FAQ's](#)

Events & Opportunities

The inaugural PiPER Research Day will be on **October 5, 2023**, [click here](#) to register for free!

The PiPER Community of Practice is hosted virtually on the last Wednesday of the month 12-1 pm. Each session shares knowledge, practices, and resources via presentations and discussions which can be accessed on the [PiPER website](#). Everyone is welcome to register for the **September, October & November** sessions.

Helpful Resources

The **PiPER website** is updated! Learn more about what the PiPER team is working on and access resources to help you engage with people with lived experience in your research.

Check out our Community of Practice tab and Research Day tab for more details about PER!

Beyond UHN

With patient engagement in research happening inside and outside of UHN, we want you to know about opportunities and resources that are out there. Here are some we hope you find helpful:

- **Putting Patients First 2023**: A free hybrid conference hosted by Michael Smith Health Research BC
- **Plain Language Certificate Program**: A program offered by Michener Institute about writing in plain language

**A Snippet
of Wisdom**

Use plain language for written & verbal communication!
